

Reedy Creek Improvement District

Notice is hereby given of intent to seek legislation before the Florida Legislature, during a regular, extended, or special session, of an act relating to the Reedy Creek Improvement District, Orange and Osceola Counties; amending, reenacting, and repealing Chapter 67-764, Laws of Florida, and decree in chancery no. 66-1061 (May 13, 1966); removing and revising powers of the District; increasing state oversight, accountability, and transparency of the District; revising the selection process, membership qualifications, and compensation for the governing body of the District; ensuring debts and bond obligations held by the District remain with the District and are not transferred to other governments by retaining the District's authority related to indebtedness and taxation; revising the District's authority over local permitting and regulation; revising the District's regulatory framework and structure; instituting reporting requirements, including a review of the District's remaining powers; describing the District boundaries and name; revising exceptions to general law and certain special acts; removing duplicative provisions; making conforming changes; creating an exception to general law; providing an effective date.
